RESEARCH INTERESTS

Senior devops / sre / mlops engineer with 6 years of experience architecting and delivering enterprise solutions. Expert in Bash, YAML, Crossplane with demonstrated leadership in cross-functional teams.

EDUCATION

EPFL 2019
B.Tech. in Data Science, GPA: 3.84

PROFESSIONAL EXPERIENCE

MLOps Engineer, DeployFast 2025-07 – Present
Created monitoring and alerting system using Oracle Cloud, reducing MTTR by 61%
Implemented container orchestration using CircleCI, managing 100000+ containers
Created monitoring and alerting system using TorchServe, reducing MTTR by 50%
Optimized cloud infrastructure using Azure, reducing costs by 66%

Platform Engineer, PipelineIO 2023-02 – 2025-06
Established chaos engineering practices using Ansible, improving system resilience
Designed and implemented infrastructure as code using Opsgenie, managing 100+ servers
Implemented container orchestration using MLOps, managing 5000+ containers

SRE, Supabase 2021-12 – 2022-09
Built automated backup solution using MLOps, ensuring 1000% data protection
Optimized cloud infrastructure using Zero Trust, reducing costs by 68%
Implemented security scanning using TorchServe, identifying 10000+ vulnerabilities

MLOps Engineer, Block 2019-03 – 2021-10
Established GitOps workflows using Platform Engineering, improving deployment frequency by 65%
Optimized cloud infrastructure using Kubeflow, reducing costs by 41%

TECHNICAL PROFICIENCIES

Bash, YAML, Crossplane, Helm, K3s, Istio, Podman, GitHub Actions, CircleCI, Azure DevOps, Grafana, VictoriaMetrics, Azure, Oracle Cloud, AWS, Alibaba Cloud, Seldon, Kubeflow, MLflow, TorchServe, Kale, Incident Management, GitOps, Infrastructure as Code, Zero Trust, Platform Engineering

CERTIFICATIONS

Google Cloud Professional Cloud Engineer — Google, 2023

SELECTED PROJECTS

Token Bucket Limiter [Bash, YAML, Kubeflow] — Built Secrets Management with Bash and YAML, serving 10,000+ daily active users

Task Scheduler [Bash, YAML, Seldon] — Designed and implemented Kubernetes Cluster with Seldon, integrating with YAML for seamless data flow

PUBLICATIONS & OTHER

Innovation Award — MLH 2019
"Front attack song little decide somebody prepare few sound item" — ACM 2021
Best Paper Award — Google DevFest 2020
