

Chris Jennings

Lead DevOps / SRE / MLOps | 8.1+ Years Experience

chris.jennings@gmail.com | 866-551-3644x2493 | East Jamesbury, UAE

<https://linkedin.com/in/chris-jennings>

Executive Summary

Lead devops / sre / mlops professional with 8 years driving technical strategy and team excellence. Expert in Python, HCL, Bash with track record of building and scaling engineering teams.

Leadership Experience

Infrastructure Engineer

2022-09 – Present

Supabase

Built automated backup solution using HCL, ensuring 100% data protection

Designed and implemented infrastructure as code using DigitalOcean, managing 1000+ servers

Implemented container orchestration using CDK, managing 5000+ containers

SRE

2021-05 – 2022-09

Quantum Edge

Established chaos engineering practices using Podman, improving system resilience

Implemented log aggregation using Podman, processing 100000+ logs/day

Implemented security scanning using GitLab CI, identifying 50000+ vulnerabilities

DevOps Engineer

2017-11 – 2021-02

Notion

Implemented container orchestration using Hetzner, managing 100+ containers

Implemented container orchestration using CloudFormation, managing 50000+ containers

Implemented container orchestration using CloudFormation, managing 100+ containers

Education

B.A. in Computer Science — Carnegie Mellon University, 2016

B.Eng. in Software Engineering — Stanford University, 2016

Key Skills

Python | HCL | Bash | YAML | Terraform | Ansible | ArgoCD | CloudFormation | Helm | Envoy | Docker |

Podman | GitLab CI | Tekton | VictoriaMetrics | Prometheus | PagerDuty | AWS | Azure | MLflow | Kale | Triton

Inference Server | TorchServe | SRE Practices | Platform Engineering | Chaos Engineering | Incident Management

| Zero Trust
