

Steven Butler

Lead Cybersecurity | 9.9+ Years Experience

steven.butler@butler.dev | 917.595.7602x4375 | New Regina, Canada

<https://linkedin.com/in/steven-butler>

Executive Summary

Lead cybersecurity professional with 10 years driving technical strategy and team excellence. Expert in Bash, C, PowerShell with track record of building and scaling engineering teams.

Leadership Experience

Penetration Tester

2023-11 – Present

ScaleGrid

Built secure CI/CD pipeline using Bash, preventing 10000+ security issues

Implemented encryption solution using Vue, protecting 5000+ records

Built secure CI/CD pipeline using OWASP ZAP, preventing 10000+ security issues

Implemented security monitoring using Python, detecting 50000+ threats

Security Engineer

2019-10 – 2023-09

Airbnb

Implemented encryption solution using Angular, protecting 100000+ records

Created security awareness training using Wireshark, reducing phishing clicks by 40%

Implemented SIEM solution using Wireshark, processing 100+ logs/day

Implemented identity management using AWS Security Hub, securing 100000+ user identities

SOC Analyst

2016-01 – 2019-09

InfraCore

Created vulnerability management program using AWS Security Hub, reducing CVEs by 64%

Implemented security monitoring using Go, detecting 5000+ threats

Built secure CI/CD pipeline using AWS Security Hub, preventing 500+ security issues

Education

B.Eng. in Information Technology — University of Michigan, 2014

Ph.D. in Electrical Engineering — TU Munich, 2013

Key Skills

Bash | C | PowerShell | Rust | Go | Suricata | Sigma | Snort | Burp Suite | Metasploit | CrowdStrike | SonarQube | Elasticsearch | Redis | PostgreSQL | AWS Security Hub | Azure Sentinel | GCP Security Command Center | Incident Response | SOC2 Compliance
