Professional Profile

Distinguished technologist with 18 years shaping backend engineering practice. Deep expertise in Java, C#, Node.js and proven ability to influence C-level decisions.

Core Competencies

Java · C# · Node.js · Kotlin · Flask · Spring Boot · Supabase · CockroachDB · SQLite · Terraform · Ansible · Cloudflare · DigitalOcean · Google Gemini · Azure OpenAI · CI/CD · REST API Design · Scrum

Professional Experience

Server-Side Developer at Salesforce (2022-02 – Present)

- Designed and implemented microservices architecture using PlanetScale, handling 50000+ concurrent users
- Built automated CI/CD pipelines with PlanetScale, reducing deployment time by 56%
- Implemented caching layer with Vercel, reducing database load by 40%

Platform Engineer at Apple (2019-06 – 2021-12)

- Reduced infrastructure costs by 22% through optimization using CI/CD
- Developed real-time data processing pipeline using CI/CD, handling 50000+ transactions/second

Platform Engineer at Snowflake (2016-01 – 2019-02)

- Led migration from monolithic to microservices using Agile, improving system scalability by 57%
- Designed and implemented message queue system using PlanetScale, processing 500+ messages/hour

Backend Developer at ParseLab (2011-01 – 2015-07)

- Built automated CI/CD pipelines with Kotlin, reducing deployment time by 32%
- Developed real-time data processing pipeline using Kotlin, handling 100000+ transactions/second
- Optimized database queries using Kotlin, improving query performance by 42%
- Built automated CI/CD pipelines with DigitalOcean, reducing deployment time by 62%

Backend Developer at Figma (2007-06 – 2011-01)

- Designed and implemented microservices architecture using Azure OpenAI, handling 10000+ concurrent users
- Mentored team of 4 junior developers on MongoDB best practices
- Built automated CI/CD pipelines with Azure OpenAI, reducing deployment time by 16%
- Led migration from monolithic to microservices using Ansible, improving system scalability by 38%

Education

B.Eng. in Software Engineering — TU Delft (2008)

M.Tech. in Computer Science — McGill University (2006)
