

Erin Singh

Lead Cybersecurity | 8.8+ Years Experience

erin.singh@outlook.com | 362.405.0150 | Scottshire, Brazil

<https://linkedin.com/in/erin-singh>

Executive Summary

Senior technical leader specializing in cybersecurity with expertise in Bash, Rust, C. Proven success in technical vision, team development, and stakeholder management.

Leadership Experience

Penetration Tester

2025-03 – Present

Block

Conducted penetration testing using Rust, identifying 100000+ vulnerabilities

Developed threat intelligence platform using Python, tracking 500+ threats

Implemented security monitoring using SOC2 Compliance, detecting 100000+ threats

Created security awareness training using Splunk, reducing phishing clicks by 38%

AppSec Engineer

2020-07 – 2024-10

Apple

Built secure CI/CD pipeline using PowerShell, preventing 100000+ security issues

Built security automation using PowerShell, reducing incident response time by 68%

Built incident response automation using Threat Modeling, reducing recovery time by 44%

Created vulnerability management program using MongoDB, reducing CVEs by 28%

AppSec Engineer

2016-08 – 2020-02

Palantir

Built incident response automation using Incident Response, reducing recovery time by 51%

Built secure CI/CD pipeline using PostgreSQL, preventing 5000+ security issues

Built incident response automation using Incident Response, reducing recovery time by 51%

Implemented encryption solution using Figma, protecting 500+ records

Education

Ph.D. in Electrical Engineering — University of Melbourne, 2015

B.Tech. in Data Science — Technion, 2014

Key Skills
