RESEARCH INTERESTS

Lead design (ui/ux) professional with 8 years driving technical strategy and team excellence. Expert in HTML, Python, CSS with track record of building and scaling engineering teams.

EDUCATION

Carnegie Mellon University M.Sc. in Cybersecurity	2016
McGill University B.Sc. in Computer Science	2017

PROFESSIONAL EXPERIENCE

Visual Designer Built design collaboration workflow using Framer, reducing review time by 50% Designed data visualizations using Framer, improving comprehension by 61% Created brand identity using Adobe Creative Suite, applied across 100000+ touchpoints Built design collaboration workflow using Prototyping, reducing review time by 35%	, Quantum Edge 2025-01 – Present
UI Designer Conducted user research using JavaScript, gathering insights from 50000+ users Built interactive prototypes using Design Systems, reducing development cycles by 39%	, Tesla 2020-08 – 2025-01
UI Designer Designed data visualizations using HTML, improving comprehension by 53% Designed responsive layouts using Vue, serving 50000+ screen sizes	, TechFlow AI 2017-10 – 2020-06

TECHNICAL PROFICIENCIES

HTML, Python, CSS, JavaScript, Adobe XD, Principle, InVision, Maze, Zeplin, Hotjar, Storybook, After Effects, Firebase, Netlify, Cloudflare, Information Architecture, Design Systems, User Research, Prototyping, Design Thinking

SELECTED PROJECTS

PDF Parser Toolkit [HTML, Adobe XD, JavaScript] — Implemented Data Visualization using JavaScript, achieving 99.9% uptime and handling 50k+ requests daily

PUBLICATIONS & OTHER

Outstanding Contributor — IEEE 2022
