

Brandi Carrillo

Principal DevOps / SRE / MLOps | 12.2+ Years Experience

brandi.carrillo@carrillo.dev | 929-400-1851x327 | Martinberg, UAE

<https://linkedin.com/in/brandi-carrillo>

Executive Summary

Distinguished technologist with 12 years shaping devops / sre / mlops practice. Deep expertise in YAML, Bash, Crossplane and proven ability to influence C-level decisions.

Leadership Experience

Cloud Engineer 2023-02 – Present

Spotify

Created self-service provisioning portal using VictoriaMetrics, serving 100000+ engineers

Created self-service provisioning portal using Zero Trust, serving 1000+ engineers

DevOps Engineer 2021-07 – 2022-12

PipelineIO

Established GitOps workflows using Argo Workflows, improving deployment frequency by 54%

Designed and implemented infrastructure as code using Alibaba Cloud, managing 10000+ servers

Established chaos engineering practices using CloudFormation, improving system resilience

Implemented container orchestration using Argo Workflows, managing 1000+ containers

SRE 2020-10 – 2021-05

Tesla

Built disaster recovery solution using PowerShell, achieving RTO of 341ms

Designed and implemented infrastructure as code using TorchServe, managing 5000+ servers

Built CI/CD pipelines using Kubeflow, reducing deployment time from 5s to 254ms

Created monitoring and alerting system using CDK, reducing MTTR by 32%

Platform Engineer 2017-11 – 2020-10

Block

Implemented security scanning using Alibaba Cloud, identifying 50000+ vulnerabilities

Built CI/CD pipelines using Alibaba Cloud, reducing deployment time from 23s to 50ms

Created self-service provisioning portal using CloudFormation, serving 1000+ engineers

Built CI/CD pipelines using CloudFormation, reducing deployment time from 19s to 171ms

DevOps Engineer 2013-08 – 2017-10

Notion

Created monitoring and alerting system using Triton Inference Server, reducing MTTR by 64%

Established chaos engineering practices using Grafana, improving system resilience

Built automated backup solution using Grafana, ensuring 100000% data protection

Education

B.Tech. in Information Technology — IIT Bombay, 2013

M.Sc. in Artificial Intelligence — University of Edinburgh, 2012

Key Skills

YAML | Bash | Crossplane | Ansible | ArgoCD | Terraform | Kubernetes | Podman | Jenkins | Azure DevOps |
GitLab CI | Argo Workflows | Tekton | PagerDuty | Datadog | ELK Stack | Thanos | VictoriaMetrics |
DigitalOcean | Linode | MLflow | Triton Inference Server | TorchServe | Seldon | Kubeflow | MLOps | SRE
Practices | Incident Management | Infrastructure as Code
