

Lori Green

DevOps / SRE / MLOps — New Patrickberg, France

lori.green@yahoo.com · +1-425-231-1060 · <https://linkedin.com/in/lori-green> · <https://github.com/lorigreen>

Profile

Engineering leader with deep technical background in Rust, HCL, and Python. 10 years of experience delivering enterprise-scale solutions.

Experience

SRE	at Figma	2022-04 – Present
Created self-service provisioning portal using Azure DevOps, serving 100+ engineers		
Optimized cloud infrastructure using Kale, reducing costs by 68%		
Created monitoring and alerting system using Opsgenie, reducing MTTR by 20%		
Built CI/CD pipelines using Opsgenie, reducing deployment time from 4s to 499ms		
DevOps Engineer	at ModelShip	2020-01 – 2021-11
Established chaos engineering practices using PagerDuty, improving system resilience		
Built CI/CD pipelines using Tekton, reducing deployment time from 26s to 131ms		
MLOps Engineer	at InfraCore	2018-07 – 2020-01
Designed and implemented infrastructure as code using Crossplane, managing 5000+ servers		
Built disaster recovery solution using Rust, achieving RTO of 100ms		
Built CI/CD pipelines using Crossplane, reducing deployment time from 21s to 471ms		
Implemented log aggregation using Crossplane, processing 100000+ logs/day		
Platform Engineer	at Shopify	2015-07 – 2018-03
Established GitOps workflows using ArgoCD, improving deployment frequency by 63%		
Created monitoring and alerting system using Oracle Cloud, reducing MTTR by 22%		

Education

Ph.D., Electrical Engineering	2015
University of Melbourne	

Technical Skills

Rust, HCL, Python, CDK, Helm, ArgoCD, Docker, Linkerd, K3s, Envoy, Tekton, CircleCI, Argo Workflows, Grafana, PagerDuty, Datadog, GCP, AWS, Oracle Cloud, Alibaba Cloud, Linode, Triton Inference Server, TensorFlow Serving, Kale, Kubeflow, MLflow, Platform Engineering, SRE Practices

Projects

Real-time Analytics Engine — Implemented GitOps Workflow using Python, achieving 99.9% uptime and handling 50k+ requests daily

Other

Award: Innovation Award — ACM 2021

Award: Employee of the Quarter — MLH 2019

Volunteering: Volunteer coding instructor at Walters-Strickland Youth Program, 2024-Present
