About Me

Senior technical leader specializing in qa / testing with expertise in Ruby, JavaScript, C#. Proven success in technical vision, team development, and stakeholder management.

Education

B.Sc. in Electrical Engineering

2015

UIUC

Teaching Assistant

Projects

Token Bucket Limiter (2019)

Implemented Security Testing using TestNG, achieving 99.9% uptime and handling 50k+ requests daily

Tech: TestNG, Ruby, C#

ML Model Registry (2024)

Designed and implemented Security Testing with Ruby, integrating with TestNG for seamless data flow

Tech: TestNG, Ruby, Appium

SmartCache (2025)

Developed Load Testing using Ruby, reducing processing time by 60% through algorithmic improvements

Tech: Appium, TestNG, Ruby

Skills

Ruby JavaScript C# Appium TestNG BrowserStack Docker Sauce Labs Jira MySQL
PostgreSQL AWS GCP Azure BDD Performance Testing Test Planning Security Testing

Internships / Experience

SDET at Meta (2023-01 – Present)

Developed API testing framework using Ruby, testing 100+ endpoints

Implemented CI/CD testing using TestNG, catching 1000+ defects pre-production

Created performance testing suite using Azure, identifying 1000+ bottlenecks

Created test reporting dashboard using PyTest, tracking 5000+ test metrics

SDET at Twilio (2019-04 – 2022-08)

Created test data management using JUnit, generating 100+ test records

Developed API testing framework using Sauce Labs, testing 100+ endpoints

Built accessibility testing using Ruby, ensuring compliance for 10000+ pages

Test Automation Engineer at CodeCraft Studios (2018-02 – 2018-12)

Developed BDD framework using Performance Testing, writing 500+ scenarios
Created test reporting dashboard using Jira, tracking 5000+ test metrics
Developed test automation framework using Cypress, achieving 65% automation coverage

QA Engineer at Meta (2014-10 – 2017-12)

Implemented shift-left testing using Redis, reducing bug escape rate by 25%
Built mobile testing automation using MySQL, testing on 100000+ devices

Certifications

AWS Certified DevOps Engineer — Amazon Web Services
