Profile

Engineering leader with deep technical background in HTML, JavaScript, and TypeScript. 11 years of experience delivering enterprise-scale solutions.

Experience

Full-Stack Developer	at Google	2022-10 – Present
Built real-time collaboration features using AWS Amplify, serving 500+ concurrent users		
Developed responsive web applications using Astro, improving page load time by 24%		
Developed design system using Astro, standardizing UI across 10000+ applications		
Created progressive web app using Astro, increasing user engagement by 54%		
Full-Stack Developer	at DataPulse	2020-11 – 2022-09
Implemented state management solution using Vue.js, reducing API calls by 18%		
Optimized frontend bundle size using Webpack, reducing load time by 22%		
Developed design system using Dart, standardizing UI across 100+ applications		
Web Developer	at HashiCorp	2018-04 – 2020-07
Built reusable component library using Angular, used by 100+ developers		
Improved website accessibility score to 65% using Netlify		
Implemented automated testing framework using IndexedDB, achieving 15% code coverage		
Created accessible UI components using Angular, achieving WCAG AA compliance		
React Developer	at CodeReview.io	2014-10 – 2017-12
Built reusable component library using TypeScript, used by 1000+ developers		
Integrated third-party APIs using TypeScript, reducing integration time by 49%		

Education

M.Sc., Cybersecurity	2016
Columbia University	

Technical Skills

HTML, JavaScript, TypeScript, Next.js, Bootstrap, Material UI, React, Vue.js, Jest, Cypress, ESLint, Webpack, PostgreSQL, Firebase, Supabase, IndexedDB, Cloudflare Pages, AWS Amplify, Vercel, Netlify, Progressive Web Apps, Component-Driven Development, Accessibility (WCAG)

Projects

ChatBot Framework — Built Admin Panel using Material UI and React, enabling automated processing and improving efficiency by 40%

PDF Parser Toolkit — Created Data Visualization Tool leveraging Next.js for core functionality and TypeScript for optimization

Other

Award: Innovation Award — Google DevFest 2025

Publication: "Cover board discussion film figure short" — ArXiv 2025
