<https://linkedin.com/in/amber-bennett>

Executive Summary

Motivated computer science graduate with foundational skills in R, SQL, Go. Seeking to contribute to innovative projects at Data Science / ML / AI.

Leadership Experience

Data Scientist 2025-05 – Present

Google

- Developed computer vision models using MongoDB, achieving 36% accuracy
- Designed data warehousing solution using TensorFlow, enabling analytics on 100000+ records
- Created feature engineering pipeline using OpenAI API, reducing preprocessing time by 56%

Education

Ph.D. in Software Engineering — Georgia Tech, 2025

B.A. in Electrical Engineering — ETH Zurich, 2025

Key Skills

R | SQL | Go | Julia | Keras | LightGBM | OpenCV | Dagster | Pandas | Dask | Polars | Spark | Pinecone | MongoDB | Snowflake | Neo4j | Bedrock | AWS SageMaker | Lambda Labs | LLM Evaluation | Computer Vision

Credentials

TensorFlow Developer Certificate — Google, 2019
