

Shannon Sosa

Backend Engineering | Fresher | Mccarthyburgh, Japan

shannon.sosa@outlook.com | 797.428.3512 | <https://linkedin.com/in/shannon-sosa>

About Me

Lead backend engineering professional with 9 years driving technical strategy and team excellence. Expert in Java, Kotlin, TypeScript with track record of building and scaling engineering teams.

Education

B.A. in Artificial Intelligence

EPFL

2018

B.Eng. in Software Engineering

University of Melbourne

Teaching Assistant

2016

Projects

Resume Parser (2022)

Developed Cache Layer using Rust, reducing processing time by 60% through algorithmic improvements

Tech: TypeScript, Flask, Rust

Skills

Java Kotlin TypeScript Rust NestJS Django Flask PostgreSQL Neon Supabase Terraform
Kafka Jenkins Helm Nginx GCP Azure Fly.io Render AWS Azure OpenAI Replicate
Anthropic Claude API AWS Bedrock CI/CD Scrum

Internships / Experience

API Developer at Quantum Edge (2023-10 – Present)

Designed and implemented microservices architecture using Kafka, handling 100+ concurrent users

Designed and implemented message queue system using MySQL, processing 50000+ messages/hour

Developed real-time data processing pipeline using Flask, handling 10000+ messages/second

Platform Engineer at Block (2022-09 – 2023-08)

Mentored team of 8 junior developers on LlamaIndex best practices

Implemented caching layer with Cloudflare, reducing database load by 15%

Designed and implemented microservices architecture using Hugging Face, handling 10000+ concurrent users

Designed and implemented message queue system using Hugging Face, processing 500+ messages/hour

Server-Side Developer at SkillBridge (2019-04 – 2022-05)

Architected and built RESTful APIs serving 10000+ requests/day using Cassandra, reducing response time by 56%

Led migration from monolithic to microservices using Ruby, improving system scalability by 41%

API Developer at Supabase (2016-05 – 2018-11)

Reduced infrastructure costs by 64% through optimization using Jenkins
Developed real-time data processing pipeline using Render, handling 500+ logs/second

Certifications

AWS Certified Developer Associate — Amazon Web Services
