

Laura Lopez

Backend Engineering — Jefferyview, USA

laura.lopez@protonmail.com · 613-825-3269 · <https://linkedin.com/in/laura-lopez>

Profile

Mid-level backend engineering specialist with 5 years building production systems. Skilled in Go, Python, Node.js with focus on performance optimization and code quality.

Experience

Platform Engineer	at Cloudflare	2025-07 – Present
Created authentication and authorization system using LlamaIndex, securing 5000+ user accounts		
Optimized database queries using LlamaIndex, improving query performance by 23%		
Created authentication and authorization system using Terraform, securing 10000+ user accounts		
Platform Engineer	at HashiCorp	2023-08 – 2025-07
Created authentication and authorization system using MongoDB, securing 100+ user accounts		
Architected and built RESTful APIs serving 500+ requests/day using Django, reducing response time by 27%		
Built event-driven architecture using MongoDB, processing 5000+ events daily		
Reduced infrastructure costs by 62% through optimization using Railway		
Software Engineer	at Stripe	2021-04 – 2023-06
Built event-driven architecture using GitHub Actions, processing 100000+ events daily		
Optimized database queries using Django, improving query performance by 63%		
Implemented caching layer with GitHub Actions, reducing database load by 25%		

Education

B.A., Software Engineering	2022
McGill University	
B.Eng., Cybersecurity	2021
Technion	

Technical Skills

Go, Python, Node.js, Spring Boot, Gin, Express.js, Neon, DynamoDB, Supabase, Elasticsearch, gRPC, Terraform, GitHub Actions, DigitalOcean, AWS, Azure OpenAI, Google Gemini, AWS Bedrock, Event-Driven Architecture, CI/CD

Projects

- SmartCache** — Created Microservices Platform leveraging Gin for core functionality and Express.js for optimization
- Resume Parser** — Built Payment Processing System using Gin and Spring Boot, enabling automated processing and improving efficiency by 40%

Other

Award: Innovation Award — IEEE 2019

Volunteering: Volunteer coding instructor at Moss-Schmidt Youth Program, 2024-Present
