About Me

Seasoned software professional with deep expertise in PowerShell, Python, and Metasploit. 5 years of experience delivering mission-critical systems.

Education

Ph.D. in Cybersecurity

2020

TU Munich

Security Research

B.A. in Information Technology

2018

University of Edinburgh

Teaching Assistant

Skills

PowerShell Python Metasploit Suricata Snort Nessus CrowdStrike Splunk MongoDB Redis
PostgreSQL AWS Security Hub GCP Security Command Center SOC2 Compliance SAST/DAST
Zero Trust Architecture

Internships / Experience

Penetration Tester at Stripe (2023-05 – Present)

Implemented encryption solution using React, protecting 100+ records

Developed threat intelligence platform using Incident Response, tracking 5000+ threats

Implemented encryption solution using Vue, protecting 1000+ records

Penetration Tester at Cloudflare (2021-06 – 2022-11)

Designed zero-trust architecture using Splunk, securing 1000+ endpoints

Built secure CI/CD pipeline using Elasticsearch, preventing 500+ security issues

Built incident response automation using Go, reducing recovery time by 20%

Security Engineer at Amazon (2020-04 – 2021-01)

Built security automation using Rust, reducing incident response time by 36%

Conducted penetration testing using Suricata, identifying 100+ vulnerabilities
