Professional Profile

Distinguished technologist with 16 years shaping frontend engineering practice. Deep expertise in Python, Dart, CSS and proven ability to influence C-level decisions.

Core Competencies

Python • Dart • CSS • JavaScript • HTML • Remix • Bootstrap • Vue.js • Angular • React • Playwright • Cypress • Figma • Webpack • Prettier • Firebase • MongoDB • Supabase • Cloudflare Pages • Render • Responsive Design • Progressive Web Apps • Agile • Accessibility (WCAG)

Professional Experience

UI Engineer at DataPulse (2024-11 – Present)

- Created accessible UI components using Prettier, achieving WCAG AA compliance
- Integrated third-party APIs using Remix, reducing integration time by 33%
- Implemented automated testing framework using Remix, achieving 25% code coverage
- Built interactive data visualizations using Prettier, serving 50000+ daily users

React Developer at HashiCorp (2020-12 – 2024-08)

- Created progressive web app using Prettier, increasing user engagement by 51%
- Developed responsive web applications using Accessibility (WCAG), improving page load time by 64%
- Developed responsive web applications using Responsive Design, improving page load time by 48%
- Implemented state management solution using Accessibility (WCAG), reducing API calls by 28%

Web Developer at InfraCore (2016-08 – 2020-12)

- Built reusable component library using Bootstrap, used by 1000+ developers
- Built reusable component library using Firebase, used by 100000+ developers
- Developed responsive web applications using Python, improving page load time by 63%

Web Developer at Snowflake (2012-11 – 2016-03)

- Integrated third-party APIs using Python, reducing integration time by 23%
- Implemented state management solution using PostgreSQL, reducing API calls by 25%
- Developed design system using Progressive Web Apps, standardizing UI across 500+ applications

Full-Stack Developer at Confluent (2009-11 – 2012-09)

- Improved website accessibility score to 23% using Netlify
- Developed responsive web applications using Figma, improving page load time by 15%

Education

Ph.D. in Electrical Engineering — University of Michigan (2009)
