

KEVIN BUCKLEY

kevin.buckley@outlook.com · 606-555-7820x190 · Port Eric, Germany

RESEARCH INTERESTS

Mid-level cybersecurity specialist with 5 years building production systems. Skilled in Python, Rust, C with focus on performance optimization and code quality.

EDUCATION

Columbia University 2019
M.Sc. in Software Engineering, GPA: 3.52

PROFESSIONAL EXPERIENCE

SOC Analyst, Snowflake 2023-07 – Present
Built security automation using Snort, reducing incident response time by 65%
Created security awareness training using Snort, reducing phishing clicks by 44%
Created security awareness training using Nmap, reducing phishing clicks by 60%
Implemented security monitoring using Snort, detecting 10000+ threats

Penetration Tester, HashiCorp 2021-05 – 2023-07
Built secure CI/CD pipeline using Go, preventing 100000+ security issues
Developed threat intelligence platform using OWASP ZAP, tracking 10000+ threats

TECHNICAL PROFICIENCIES

Python, Rust, C, Bash, OWASP ZAP, Snort, Burp Suite, Splunk, SonarQube, CrowdStrike, Redis, MongoDB, PostgreSQL, Elasticsearch, AWS Security Hub, GCP Security Command Center, Threat Modeling, OWASP Top 10

SELECTED PROJECTS

Graph Query Builder [Bash, OWASP ZAP, C] — Built Malware Detection using C and Bash, enabling automated processing and improving efficiency by 40%

Real-time Analytics Engine [Python, Bash, Snort] — Developed Vulnerability Scanner using Bash, reducing processing time by 60% through algorithmic improvements
